REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: For claims 1-19, in combination with all the limitations recited in the independent claim, all the prior arts do not show an electrical connector for a robotic tool changer comprising a bracket mountable to a robotic tool changer master or tool module, a coupling interface (master or tool connector) connected to the bracket in a fixed position with respect to the bracket, and a cable interface (cable connector) connected to the bracket and the coupling interface, moveable to a plurality of discrete positions.

For claims 20-23, in combination with all the limitations recited in the independent claim, all the prior arts do not show an electrical connector comprising a bracket; a first cylindrical multi-contact connector secured to the bracket; a second multi-contact connector electrically connected to the first connector and rotatably disposed in the bracket; and a retaining member disposed in the bracket operative to engage with one of a plurality of recesses in the second connector so as to fix the second connector in one of a plurality of predetermined positions around the first connector

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
